

AMS Device Manager with Fisher HART

Course 7022

CEUs: 2.1

This **Fisher Controls** course is designed to teach technicians and engineers how to commission, calibrate, configure, maintain and troubleshoot Fisher smart devices using AMS Device Manager and the ValveLink SNAP-ON.

Overview

The 3-day course begins with an introduction to the features and functionality of the AMS Device Manager software. It proceeds to discuss important database design and management issues, and then delves into device-specific techniques for commissioning, maintaining, and troubleshooting the following Fisher smart devices: DVC5000, DVC6000, DLC3000 & Rosemount 3051. Students will spend the majority of their class time performing hands-on exercises using AMS Device Manager and the ValveLink SNAP-ON.

Prerequisites None, though a basic familiarity with Fisher smart devices will be beneficial.

Topics

- Introduction to AMS Device Manager
- Getting Started with AMS Device Manager
- Viewing and Modifying Devices
- Role and Function of the Database
- AMS Device Manager Database Architecture
- Database Design Considerations
- Database Maintenance Issues
- Managing Device Configurations
- Replacing and Deleting Devices
- AMS Device Manager and the HART Communicator
- Using the AMS Device Manager Audit Trail
- Monitoring System Alerts
- DVC5000/6000, DLC 3000/3051-View from AMS Device Manager
- ValveLink SNAP-ON Features and Functionality
- ValveLink SNAP-ON DVC Diagnostics, including Performance Diagnostics
- AMS Device Manager and the DLC3000

Course Location Control Dynamics
201 Wylderose Dr.
Midlothian, VA 23113

Sponsored By Control Dynamics

To Enroll or for More Information Contact Connie Goodman (804) 858-5800 or e-mail Connie.Goodman@Control-Dynamics.com

Course Dates May 22-24, 2007 (Session #0053) **Registration Deadline** 2 weeks prior to course date

Price \$1,900 USDL

Purchase order or payment is required at the time of enrollment. PO, checks & credit cards acceptable and made payable to **Control Dynamics**.

Cancellations: If your plans or budgets change, you may cancel your reservations up to 14 calendar days prior to the start of the course without incurring a cancellation charge. Limited enrollment makes it necessary to charge 50% of the full tuition for cancellations received during the 14 days prior to the start of the course, and full tuition for failure to attend without canceling. Substitutions are accepted until the first day of class.

Providing Training with the Latest in Process Control Methods & Technology!
